GOVENDA®

## Better Visibility and Measurement of Strategic Initiatives

Great governance programs require planning and communication. Govenda's features—influenced by Corporate Secretaries—ensure successful execution of your governance program.

- Forward agendas
- Questionnaire analytics
- High-resolution images for presentations
- Topic books created by powerful tagging of resolutions, votes, meetings, and more

Better Board Engagement

A board success platform is so much more than a secure document repository meant to be used four times a year. Empower each user (Chair, Corporate Secretary, Director, Information Contributor) with tools designed specifically for them.

- Engagement dashboards for Board Liaisons and/or Board Chairs
- Unique dashboards for each administrator based on preference and usage
- External contributor permissions
- Migration services

Best-in-Class Integrations

Govenda's groundbreaking calendar integrations accommodate everyone's preferred workflows and eliminate the need to manage two or more calendars.

- Free/busy calendar view for all members
- Consolidated calendar view with all tasks, voting deadlines, and other important governance events beyond meetings
- Bi-directional syncing for Outlook and Google

Industry-Leading Support and Technology

Unlimited training and support

Support you can count on, 24/7/365. Enjoy a customized onboarding schedule with your assigned support specialist, and unlimited training so you can easily adapt to changing members, board sizes, or new committees at no extra charge.
